Applicant has reviewed the Office Action mailed on July 8, 2002. Please amend the above-identified patent application as follows.

IN THE DRAWINGS

The Office Action objected to drawings 1, 3A, 3B, and 6 because the top margins were not acceptable. Submitted for the Examiner's approval are substitute drawings 1, 3A, 3B, and 6. The substituted drawings only reflect changes to the top margins. No other changes have been made.

IN THE CLAIMS

Please substitute the claim set in the appendix entitled Clean Version of Pending Claims for the previously pending claim set. The substitute claim set is intended to reflect amendment of previously pending claims 1, 6, 11-13, 18, 23-25, 28, 29, and 30, and no additional or cancelled claims. The specific amendments to individual claims are detailed in the following marked up set of claims.

1. (Amended) A method comprising displaying line-formatted materials on a screen display in two or more adjacent columns, wherein lines spill from the bottom of one column to the top of an adjacent column, or from the top of one column to the bottom of an adjacent column, when scrolling through the line-formatted materials.
